S2E41 – Atari, STWriter

    This is a test document to demonstrate print formatting across the 8 bit AtariWriter and the 16 bit STWriter products. STWriter was the natural evolution of AtariWriter as it moved from the 8ØØ/XL/XE line of computers to the ST line of computers.

agraph has full margin justification turned on. Subsequent paragraphs will have full justification turned back off. To test full justification across both the 8 bit and 16 bit platforms, a lengthy paragraph is required.

                              This text is blocked right!
